

SALGADO  
MCMXCVII  
SAUCIER

**Maintenance of Porcelain glazed finishes**

**Bisque glaze**

Any scuffs, dark smudges, etc. can easily be cleaned with a soft cloth dampened with soapy water.

In the event scuffs are more troublesome we recommend a foam sponge such as 'Magic Eraser'. Alternatively a dampened Microfiber cloth also works

**Graphite glaze**

Any scuffs, dark smudges, etc. can easily be removed with 'Tissue paper', not facial tissue. Alternatively a dampened Microfiber cloth also works.
